37 CFR §§1.56 AND 1.97(b)

Commissioner for Patents  
Washington, DC 20231

Dear Sir:

The 52 CDs attached and as designated in the following table (the "Disclosed CDs") are being submitted to ensure that Applicants comply with their duty of disclosure pursuant to 37 CFR §§1.56 and 1.97.

The Disclosed CDs were copied from an original set of CDs and 3½" floppies (the "Originals"). The Originals were produced during a litigation, which Applicants have previously informed the USPTO, and which has already been settled.

Each of the Disclosed CDs has a label with a short description, and one or more file names. They typically correspond to the descriptions in the following table. However, in situations when the descriptions in the table are different from (a) the short descriptions on the labels or (b) the file names, Applicants have included in the following table, the descriptions on the labels and the file names; these descriptions on the labels or in the file names are parenthesized in the following table, starting with the words, "Diskette name on CD is".

The Examiner is requested to make this IDS and the Disclosed CDs of official record in this application.
